

California Department of Transportation
Division of Engineering Services

(Updated 3/21/04)

The following Proprietary Earth Retaining Systems have been Pre-Approved by the California Department of Transportation as alternatives to the corresponding State System shown on the Contract Plans. The systems that are permitted for use on a particular contract will be identified in the Project Specific Contract Special Provisions. The Pre-Approval period for these systems is indeterminate and it may be rescinded at any time.

If you need additional information regarding the use of these systems, please contact Kevin Riley, Earth Retaining Specialist, at (916) 227-7330 or e-mail at Kevin.Riley@dot.ca.gov.

Product	Company
